*"From Our Kitchen To Your Table"*

### **What are Real Meals for Home?**

The idea is to serve our customers who prefer to enjoy our food in the comfort of their own home or other places of choice.

Some of the items can be frozen and kept in your freezer and used for a busy evening or can be picked up fresh and used within a few days.

We can also customize your menu with a 48-hour notice and can also take care of any special dietary needs. It can also be a wonderful way to entertain a dinner party without all the work.

We hope you will enjoy our real meals and please let us know if you have suggestions for other items you would enjoy. Some items may not be available every day.

Please watch for our weekly specials!

*Margie Michell*
